“Just wanted to thank you for all your support... in assisting Cummins Northeast and our guest electrician, Cory Perreault of Energize Me. The location was great, the traffic was extremely busy and our electrical dealer soon after the show bid on several industrial jobs! I was very pleased at how helpful your trade show crew was....!! Thank you again for a successful show. Energize Me and Cummins Northeast will be back next year!

Debra Soucy, Cummins Northeast, Scarborough, ME

“We would like to know if you would consider holding this show twice a year as it generates immediate sales and revenue for us! This will be our 6th or 7th year in the show with two displays. Maybe its the quality of the participants and all the advertising that makes it so successful for us... but we love your show!

Bill Levandowski, Owner — Castle Kitchens and Granite Counter Tops.
